Dennis,

I apologize for my delayed response. I thought I sent this out but it was saved in my draft. We are working on our end to get the public hearing officially announced through the public notice process and are currently drafting the documents and working with our contractors to get everything ready.

While this date, time, and location are not yet official, barring any major changes we are looking at the evening of January 28<sup>th</sup> at Mote Marine Laboratory. It will be officially announced around December 12<sup>th</sup> and at that time the meeting details will become firm plans.

Hope you had a good holiday and have a good weekend,

Meghan

Good morning Meghan –

Have you heard back from your contractor about your preferred date and location?

I am trying to coordinate other associated activities, travel, and most importantly - project funding.

Thank you!

V/r – Dennis

Sorry, Dennis. I though you talked with Kip about this.

I'm waiting to hear back from our contractor about our preferred date and location. Once we have that confirmation I'll get it out on public notice ASAP.

Meghan
